TRAINING AND EXPERTISE AREAS

END-USER SECURITY AWARENESS AND COMPLIANCE TRAINING

Stronger has a customizable online compliance and awareness training solution that helps organizations easily implement complete training programs. LMS can be provided, 10 languages, managed by job roles. SAT programs can cover phishing, ransomware, mobile devices and compliance requirements of HIPAA, PCI, SOX, GLBA.

COMPLIANCE CONSULTING

Understanding the regulations of Security and Privacy for PCI, HIPAA, FERPA, SOX, GLBA, NIST, GDPR can be very daunting. We have in-house legal privacy and compliance council for custom consulting projects.

GAP ASSESSMENTS AND VULNERABILITY ASSESSMENTS

The essential part of being Stronger as an organization is understanding where you are weak and assessing your current vulnerabilities. Performing a regular gap analysis is a key component of a comprehensive security plan.

ON-SITE SECURITY FOCUSED COURSES

Stronger runs dozens of popular courses including Cloud Security, Secure Programming, Advanced Ethical Hacking and Network Intrusion Investigations, CISSP, ITIL, Scrum. From 1 to 5 days in length. Can be designed for knowledge transfer or certification test preparation.

LIVE-REMOTE CERTIFICATION PREPARATION COURSES

Stronger has over 200 different live courses that are ideal for 1 or 2 people in a department to learn specific high-level information. Classes are between 8-12 people, with set times and often run a week - CISCO, Citrix, VMware, Microsoft.

ETHICAL HACKING AND RED TEAM/BLUE TEAM EXERCISES

Hands on practice of key skills is the best way to develop advanced readiness in a security team. We have world renowned white-hat hackers to facilitate team drills and test your defenses.
